

Code Breaker: Nonresidential, Hotel/Motel and Multifamily Envelope 2022 Energy Code

TECHNICAL DINNER MEETING: 31 May, 2023

Presented by:

Gina Griffiths Rodda

Owner, Gabel Energy

Synopsis of Presentation:

The 2022 Energy Code (Title 24, Part 6) requirements for Nonresidential, Hotel/Motel and Multifamily envelope features, including roofing products and insulation, wall, raised floor, fenestration, and solid door for all scopes of work (new construction, additions and alterations), have been revised. We will review these requirements in addition to how the Energy Code has been reorganized to support Multifamily buildings.

Learning Objectives:

1. Determine which section(s) of the 2022 Energy Code apply to Nonresidential, Hotel/Motel and Multifamily buildings.
2. Discuss the envelope (roof, walls, floors, fenestration, solid doors) requirements under the 2022 Energy Code for both Nonresidential, Hotel/Motel and Multifamily buildings.
3. Recognize how the Energy Code requirements for newly built spaces differs from the requirements for altered spaces.
4. Discover where and how to document compliance with the Certificate of Compliance (NRCC), Certificate of Installation (NRCI) and Certificate of Acceptance (NRCA).

Meet your Presenter:

Gina Griffiths Rodda is currently the Owner of Gabel Energy out of Castro Valley, California, and has been in the energy modeling field since 1991. Gina is the instructor of several dozen full day Energy Code Ace trainings on the Residential and Nonresidential Title 24 Building Energy Efficiency Standards for building department staff, energy consultants, engineers, and architects. She is also a Title 24 energy analyst performing a wide range of responsibilities in both residential and non-residential construction pertaining to compliance standards and energy modeling and is a respected subject matter expert informing the statewide code development process.
