

**NEW DATE**  
**Technical Dinner**  
**WEDNESDAY**  
**JULY 15TH**  
**5-730PM**

with

**Presented by:**  
**Gina Griffiths Rodda**

Join us for an in-depth review of the **2025 Title 24, Part 6** Energy Code changes affecting *Nonresidential, Hotel/Motel, and Multifamily* buildings. Gina will cover updated requirements for:

- Roof, wall, floor and fenestration assemblies
- New construction, additions, and alterations
- Embodied carbon requirements under Title 24 Part 11 (CAL Green)

This session is designed to help the AEC professionals prepare for upcoming code shifts and understand their impact on design, compliance, and project delivery.

**SPONSORSHIPS NOW AVAILABLE**

**Meet your presenter:**

Gina Griffiths Rodda is currently the Owner of Gabel Energy out of Castro Valley, California, and has been in the energy modeling field since 1991. She is an energy analyst performing a wide range of responsibilities in both residential and nonresidential construction pertaining to compliance standards and energy modeling within the United States, while specializing in California Building Code. California local ordinances (or Reach codes) supporting electrification and electric preferred for multifamily, hotel/motel and nonresidential buildings dictates much of the work Gabel Energy provides in Northern California. Gina has worked with Energy Code Ace as a subject matter expert developing and supporting trainings, resources and tools on the Residential and Nonresidential Title 24 Building Energy Efficiency Standards for building department staff, energy consultants, engineers, contractors and architects.
